

Emoji Flip Book

In this activity we will be expressing ourselves with a fun personalized emoji flip book! Enjoy creating a book full of your favorite emojis faces. Everyone has a few favorite emojis, what's yours?

Materials:

- Construction Paper
- Markers
- Black Marker/Sharpie
- Glue Stick
- Scissors
- Circle Object

Instructions

1. Take a sheet of yellow construction paper and fold it in half.
2. Using that same sheet of paper, fold it in half again to create a small rectangle.
3. Draw a large circle on the folded-up rectangle with a pencil.
4. Cut out the circle while keeping your folded paper together, this makes each circle identical and easier to glue. (See fig. 1)

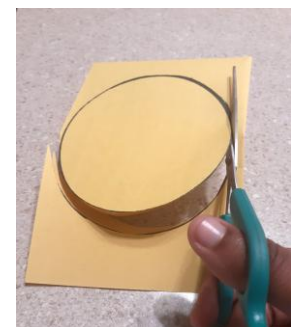

Fig. 1

5. Fold each circle in half as even as you can.
6. Glue the back of one half of a circle onto the back of another, continue gluing half a circle back to back. (See fig. 2)
7. When you finish, you should have a circle “book” you can flip through. (See fig. 3)
8. Now that your sheets are glued together, draw a different emoji face on each page and colour with your markers.

Fig. 2

Extras and Tips

- You can use a circular object to trace, measure the size with the folded rectangle so it fits. This is helpful if you want your faces to be a different colour to represent a non-yellow emoji face.
- Use extra pieces of construction paper to add features found on some emojis (Ex. horns, hearts, accessories, etc)
